V. T. SREENIVASAN.
Comptroller.

COMPTROLLER'S OFFICE, BANGALORE.

Notification dated 18th June 1947.

Re: Payment of Scholarship, Passage and other amounts to departmental officers selected for technical training or higher studies abroad.

To

All Heads of Departments.

No. 2262—Books. The Heads of Departments from which officers are deputed to foreign countries for technical training or higher studies are not at present sending requisitions to this office promptly for arranging payment of scholarship and allowances, passage money, etc. Sometimes requisitions are sent to this office merely mentioning the Government Order sanctioning the deputation without giving full particulars regarding the amounts payable to the candidates, place and period of deputation, address and place of payment, etc. The result is that this office is unable to arrange for payments promptly without the required information and the candidates are often stranded in far off places, and cablegrams are being sent to this office by the candidates, the Bankers, the Trade Commissioner for Mysore and the High Commissioner for India demanding immediate payments. As this is not a desirable state of affairs, the heads of departments are requested to kindly furnish to this office, immediately on receipt of Government Orders sanctioning the deputation of a Departmental Officer abroad, the particulars necessary for arranging payments in the following form:—

- 1 G. O. Number and date sanctioning the deputation.
- 2 Name and designation of the officer ...
- 3 Place and period of deputation ...
- 4 Amount of salary, scholarship and other allowances payable.
- 5 Address and where payable ...
- 6 Quarterly or monthly ...
- 7 Date on or after which the first payment has to be made.
- 8 In case of deputation to the United States of America the permit number and date of the Reserve Bank of India for Dollar Exchange and the period of its validity.
- 9 Remarks ...

2. In the case of deputation to the United States of America prior permission from the Reserve Bank of India for Dollar Exchange is quite essential and must be obtained before payments can be arranged for in America. It is therefore quite necessary that in such cases arrangements should be made by the heads of departments concerned to obtain the requisite permission from the Reserve Bank of India and send the same to this office along with the other particulars before the officers are relieved to proceed on deputation.

3. In some cases, the officers have gone away without obtaining the necessary permits from the Reserve Bank and this office has been obliged to apply for the necessary permits from the Reserve Bank on their behalf although this office is unable to furnish several particulars required by the Reserve Bank for granting such permits. Some of the officers have arranged to obtain payments in the United States of America through the Travel Agents, Messrs. American Express Company, Bombay, and the arrangement appears to be working satisfactorily. Whether it is through this Company or through any other agency it is quite essential that necessary permit is obtained from the Reserve Bank and communicated to this office to avoid delay and inconvenience before the officer leaves for the United States of America. The services of Messrs. Coutts & Company of London can be availed of only for payments to be made in the United Kingdom, without such permits.

4. So far as passages are concerned, whether by sea or air the necessary bookings should be arranged for by the candidates themselves or by the heads of departments on their behalf. This office does not and cannot undertake to make such bookings. All that it can undertake to do is to make the necessary payments when claimed by the companies through which the bookings have been done.

FINANCIAL DEPARTMENT

COMPTROLLER'S OFFICE, BANGALORE

Notification dated 18th June 1947.

Re: Payment of Scholarship, Passage and other amounts to departmental officers selected for technical training or higher studies abroad.

To

All Heads of Departments.

No. 226.—Books. The Heads of Departments from which officers are deputed to foreign countries for technical training or higher studies are not at present sending requisitions to this office promptly for arranging payment of scholarship and allowances, passage money, etc. Sometimes requisitions are sent to this office merely mentioning the Government Order sanctioning the deputation without giving full particulars regarding the amounts payable to the candidates, place and period of deputation, address and place of payment, etc. The result is that this office is unable to arrange for payments promptly without the required information and the candidates are often stranded in far off places, and cablegrams are being sent to this office by the candidates, the Bankers, the Trade Commissioner for Mysore and the High Commissioner for India demanding immediate payments. As this is not a desirable state of affairs, the heads of departments are requested to kindly furnish to this office, immediately on receipt of Government Orders sanctioning the deputation of a Departmental Officer abroad, the particulars necessary for arranging payments in the following form :—

- 1 G. Number and date sanctioning the deputation.
- 2 Name and designation of the officer
- 3 Place and period of deputation
- 4 Amount of salary, scholarship and other allowances payable.
- 5 Address and where payable
- 6 Quarterly or monthly
- 7 Date on or after, which the first payment has to be made.
- 8 In case of deputation to the United States of America the permit number and date of the Reserve Bank of India for Dollar Exchange and the period of its validity.
- 9 Remarks

1. In the case of deputation to the United States of America prior permission from the Reserve Bank of India for Dollar Exchange is quite essential and must be obtained before payments can be arranged for in America. It is therefore quite necessary that in such cases arrangements should be made by the heads of departments concerned to obtain the requisite permission from the Reserve Bank of India and send the same to this office along with the other particulars before the officers are relieved to proceed on deputation.

3. In some cases, the officers have gone away without obtaining the necessary permits from the Reserve Bank and this office has been obliged to apply for the necessary permits from the Reserve Bank on their behalf although this office is unable to furnish several particulars required by the Reserve Bank for granting such permits. Some of the officers have arranged to obtain payments in the United States of America through the Travel Agents, Messrs. American Express Company, Bombay, and the arrangement appears to be working satisfactorily. Whether it is through this Company or through any other agency it is quite essential that necessary permit is obtained from the Reserve Bank and communicated to this office to avoid delay and inconvenience before the officer leaves.

for the United States of America. The services of Messrs. Coutts & Company of London can be availed of only for payments to be made in the United Kingdom, without such permits.

4. So far as passages are concerned, whether by sea or air the necessary bookings should be arranged for by the candidates themselves or by the heads of departments on their behalf. This office does not and cannot undertake to make such bookings. All that it can undertake to do is to make the necessary payments when claimed by the companies through which the bookings have been done.

S. ABDUL KHADER, Addl. Director of Food Supplies and V. O. P. Controller.

Notification dated 4th July 1947.

No. D1. 2830—46-47. In exercise of the powers conferred upon me by sub-clause (1) of clause 4 of the Vegetable Oil Products Control Order, 1946, I hereby prohibit the manufacture, stock or sale of any vegetable oil product which does not conform to the following particulars namely :—

1. It shall not contain any harmful colouring, flavouring or any other matter deleterious to health.
2. It shall not have moisture exceeding 0.25 per cent.
3. The melting point as estimated by the capillary slip method (as described in Note I below) shall be from 31° C to 37° C, both inclusive with a tolerance of 20° C on either side.
4. The Butyro Refracto-meter reading at 40° C shall not be less than 48.0.
5. It shall not have unsaponifiable matter exceeding 1.5 per cent.
6. It shall not have free fatty acids (calculated as oleic acid) exceeding 0.25 per cent.
7. Diacetyl, if present, shall not be in excess of six parts per million.
8. The product on melting shall be clear in appearance. Its taste shall be free from staleness or rancidity.
9. It shall contain refined or refined hydrogenated sesame (til) oil not less than 5 per cent by weight so that when the Vegetable Oil Product is mixed with refined groundnut oil in the proportions of 20 : 80, the red colour produced by the Baudouin test (as described in Note II below) shall not be lighter than 2.0 units in a 1 c.m. cell of a Lovibond scale.

Note I.—The “ Capillary Slip Method ” is as follows :—

- (i) Thin walled glass tube open at both ends with an external diameter of 1 : 2 to 1 : 5 m.m. and internal diameter of 0.83 to 1.1 m.m. and length 5 to 6 cms. should be used after proper cleaning and drying.
- (ii) The sample of fat should be completely melted and well mixed at a temperature of about 50° C. Insert the capillary tube so that a column of fat about 1 c.m. long is forced into it. Allow the fat in the tube to just set by keeping the tube in a horizontal position during winter, and during summer the tube may be put on a perforated metal tray which is so placed inside a small water-bath containing water at 15° C–17° C that the bottom of the tray just touches the water.
- (iii) The tube is then placed in a test-tube immersed in water at 15° C–17° C for one hour.
- (iv) Suspend a thermometer (reading in 1/5th of a degree) in the centre of a beaker of water at 10° C, (the beaker is to be provided with side-tube heating arrangement) so that the lower end of the fat column is 3 cms. below the surface of water. Heat the side tube of the

apparatus gently, so that the temperature of water increases slowly at the rate of 2° C per minute till the temperature reaches 25° C. and thereafter at the rate of 1/2 a degree per minute.

- (v) Note the temperature of water when the fat commences to rise in the tube. This temperature is recorded as the melting-point. The thermometer used in this test should be checked against a standard thermometer calibrated and certified by the National Physics Laboratory, Teddington, England.

Note II.—The Baudouin test shall be carried out as follows :—

Place in a test-tube 5 c.c. of the sample (20 parts of vegetable oil products and 80 parts of refined groundnut oil) and 5 c.c. of Hydrochloric Acid (Specific Gravity 1.19) and add to it 8 drops of 2 per cent solution in alcohol of freshly distilled furfural; shake vigorously for two minutes and allow to stand. The acid layer becomes distinctly red. Quickly filter the acid layer through a wet filter paper and examine the filtrate against a Lovibond scale in a 1 c.m. cell or against a red colour Comparator.

If the Vegetable Oil Products on being shaken with hydrochloric acid alone, conveys a redness to the hydrochloric acid owing to the presence of certain artificial colouring agents, the procedure is as follows :—

Shake 10 ccs. of the melted Vegetable Oil Products in a separating funnel for half a minute with 10 c.c.s. of hydrochloric acid, specific gravity 1.125. Draw off the red acid layer which collects at the bottom of the funnel and repeat the process until no further coloration takes place. During the treatment do not permit the contents of the separating funnel to exceed that necessary to melt the fat. After the hydrochloric acid has been completely removed apply the Baudouin test as described above.

Applications for admission to the examination of 1948 should be submitted on printed forms which will be supplied on application to the Secretary, Commercial Examinations Board, New Public Offices, Bangalore after 1st November 1947. Requisitions for forms should reach the Secretary at least a fortnight before the latest date prescribed for sending in the applications for admission to the Examination. The Secretary will not be responsible for non-receipt of forms owing to the requisitions being sent too late or to miscarriage of letters in post, being on account of incorrect and incomplete address, etc.

2. Fees as shown in Appendix V of the Revised Rules and syllabuses "copies of which are sold in the Government Central Book Depot, Bangalore, at four annas a copy," should be credited into a Mysore Government Treasury in time for sending in the applications by REGISTERED POST, so as to reach the Secretary, Commercial Examinations Board, on or before the 9th January 1948, after which date applications

will be received on payment of a penalty of Re. 1 up to 24th January 1948 inclusive.

Applications found defective in any respect will be rejected and returned to the party and requests for refund of fees on the ground that the applications were rejected, will not be entertained.

NOTE.—1. If a candidate has lost the pass certificate granted to him by the Commercial Examinations Board, he should pay into any of the Mysore Government Treasuries a fee of Re. 1 and send the Treasury receipt to the Secretary, Commercial Examinations Board with information on the undermentioned points and details of circumstances in which the original certificate was lost and get a duplicate.

- (a) Name of the Examination passed
 (b) Register No. and the year of passing
 the Examination.
 (c) Centre of examination taken by him... ..
 (d) Father's name
 (e) School from which he passed if he was
 a school candidate.

2. Applications for issue of a duplicate pass certificate should be sent so as to reach the Secretary, Commercial Examinations Board, Bangalore not later than 30th November 1947, to ensure its issue in time for use by the candidate. The Secretary may refuse to issue the duplicate certificate if he is not satisfied as to the genuine nature of the request; in that event the fee paid will not be refunded.

3. The Heads of Commercial Schools sending up candidates for the Commercial Examinations of 1948 are requested to see that either the original pass certificates or the duplicates thereof, which should form enclosures to the application of candidature (as required in Cols. V and IX) are obtained by the candidates not later than 30th November 1947. The candidates should under no circumstances be allowed to send their applications for duplicates of passed certificates or the Treasury Chellans as enclosures to the applications for candidature.

5. No candidate who has not passed the Junior Examination will be permitted to appear for the Senior Grade and those who have not passed the Senior Grade Examination will not be permitted to appear for the Proficiency Grade Examination in Shorthand and Typewriting. But candidates who have passed the S.S.L.C. Examination and have been declared eligible for University Course or candidates who have passed any University Examination are eligible to appear for the Senior Grade Examination in subjects other than Shorthand and Typewriting without passing the corresponding Junior Examination.

6. The fees once paid into the Treasury for admission to the Commercial Examinations, shall on no account be refunded, but may be reserved for the same examination in the following year, if the candidate was unable to sit for the examination on account of illness. The application for such reservation should be sent so as to reach the Secretary on or before the date of the commencement of the Examination for which the fees have been paid, and should be supported by a medical certificate from a competent authority not lower in rank than the District Medical Officer, or from a Medical Graduate but countersigned by the District Medical Officer concerned.

9. It is of almost importance that the Heads of Institutions should not only advise the candidates to give their correct dates of birth, (i.e.) day, month and year, but also reconcile the dates given in the application forms with those in the Admission Register of the school. The candidates should be made to give only their fathers' (whether living or not) names and not their guardians' names.

10. Only failed candidates and candidates who have put in the necessary attendance during the full session at a recognised Commercial Institution are allowed to appear for the second Examination in Shorthand and Typewriting Junior and Senior Grade which will be held in November 1947. The last date for sending up applications for the Second Examination is 1st September 1947 without penalty and 15th September 1947 with a penalty of Re. 1.

11. Whole-time employees of Government Offices, Local Bodies and business concerns who have put in a service of at least two years will be granted exemption from attendance at a Recognised Institute, provided their applications for such exemption are submitted before the 31st August every year, through the Heads of the Offices in which they are employed with a certificate that the nature of the employment is such that it does not admit of attendance at a Recognised Institute and that their conduct and progress in the subject or subjects in which they wish to be examined justify their appearance as private candidates.

12. The admission tickets of candidates who appear for the Commercial Examinations of 1948 BY PRIVATE STUDY will be sent direct to the candidates concerned by ordinary post to the address furnished by them in their applications for admission to the examination about fifteen days prior to the date of the commencement of the examination. Private candidates are therefore advised to enter Postal address clearly and correctly in their application forms. The Examination Office cannot undertake to note the change in the addresses intimated after the applications are sent in, and it will not be responsible for non-delivery of admission tickets, etc., sent to the candidates concerned, in consequence of the incompleteness, inaccuracy or change of postal address furnished by them.

13. The Commercial Examinations will be held in all subjects and in all the grades in Bangalore, Mysore, Davangere and Shimoga. Oral and Practical Examinations in Typewriting will be held in all the three grades after the results of the theory examinations are announced, and only the candidates that pass in the Theory will be examined in the Practical Part. Those who fail in the Practical Examination are permitted to appear for the Practical Part only in the next or the subsequent years, the certificate of passing being issued after the candidates complete the Practical Examination.

14. It should be clearly understood that the provisions in this Memo do not in any sense supersede the detailed Notifications relating to the Commercial Examinations and that the provisions in the detailed notifications should be fully satisfied before any candidate is registered for the Examinations.

The attention of all licensees authorised to deal in wireless apparatus is drawn to Rule 14 of Mysore Wireless Telegraphy Rules which requires all dealers to maintain a register showing the name and address of every person to whom he sells or otherwise transfers wireless telegraphy apparatus together with the date and particulars of such apparatus. As per Rule 15 of the Mysore Telegraphy Rules it is incumbent on the part of every dealer to require of every person purchasing or acquiring a complete wireless set to produce a valid license issued by competent authority.

All holders of Radio Licenses are, therefore, requested to carry their licenses with them whenever they take their

sets to the dealers for repair so that full addresses of the licenses can be copied in the registers by the dealer.

3. If for any reason, the holder of a set fails to produce his license when tendering the set for repairs, he should definitely produce the license when taking delivery of the set after repairs. The dealer shall on no account part with such a set in the absence of production of the license.

The following explosives are at present authorised for importation into the Mysore State for general sale :—

CLASS 1.—GUNPOWDER.

The term "gunpowder" means gunpowder ordinarily so called.

GUNPOWDER.

CLASS 2.—NITRATE MIXTURE.

The term "nitrate mixture" means any preparation, other than gunpowder ordinarily so called formed by the mechanical mixture of a nitrate with any form of carbon or with any carbonaceous substance not possessed of explosive properties, whether sulphur be or be not added to such preparation, and whether such preparation be or be not mechanically mixed with any other, non-explosive substance, and includes any explosive containing a perchlorate and not being a chlorate-mixture, fulminate or nitro-compound, as defined in Rule 4 of the Mysore Explosives Rules, 1917.

Every blasting explosive in this class, in which nitrate of ammonium, nitrate of sodium or chloride of sodium are used as ingredients, shall be contained in cartridge wrappers or cases (or in five pound inner packages) made thoroughly water-proof with melted paraffin or other suitable water proofing material.

CLASS 3.—NITRO-COMPOUND.

The term "nitro-compound" means any chemical compound possessed of explosive properties or capable of combining with metals to form an explosive compound, which is produced by the chemical action of nitric acid (whether mixed or not with sulphuric acid) or of a nitrate mixed with sulphuric acid upon any carbonaceous substance, whether such compound is mechanically mixed with other substances or not.

The nitro-compound class has two divisions.

Every blasting explosive in this class, in which nitrate of ammonium, nitrate of sodium or chloride of sodium or nitroglycerol are used as ingredients, shall be contained in cartridge wrappers or cases (or in five-pound inner packages) made thoroughly water-proof with melted paraffin or other suitable water-proofing material.

Blasting Explosives in this class marked "S" may be sheathed on the outside of the cartridge but not at the ends with an approved sheathing material. The outer wrapper of any sheathed cartridge shall be sufficiently strong to prevent the escape of any of the sheathing material when the cartridge is submitted to the Jolting Test. If fireproofing material is used for the outer wrapper, it must not inter-act in any way with the sheathing material. Provided that when bicarbonate of soda is used as a sheathing material the cartridge shall be thoroughly water-proofed with paraffin wax or a mixture of ceresine and resin.

DIVISION 1.

Provided that every explosive in this division shall be of such character and consistency as not to be liable to liquefaction or exudation of nitro-glycerine.

DIVISION 2.

Division 2 comprises any chlorate mixture as hereinbefore defined which is not comprised in Division 1.

Nil.

CLASS 5.—FULMINATE.

The term "fulminate" means any chemical compound or mechanical mixture, whether included in the foregoing classes or not, which from its great susceptibility to detonation, is suitable for employment in percussion caps or any other appliances for developing detonation or which from its extreme sensibility to explosion, and from its great instability (that is to say, readiness to undergo decomposition from very slight exciting causes) is especially dangerous.

This class consists of two divisions.

DIVISION 1.

Division 1 comprises such compounds of the fulminates of silver and of mercury, and preparations of those substances such as are used in percussion caps, and any preparation consisting of a mixture of a chlorate with phosphorus or certain descriptions of compounds of phosphorus, with or without the addition of carbonaceous matter, and any preparation consisting of a mixture of a chlorate with sulphur or with a sulphuret with or without carbonaceous matter.

Nil.

DIVISION 2.

Division 2 comprises such substances as the chloride and the iodide of nitrogen, fulminating gold and silver, diazobenzol, the nitrate of diazobenzol, lead azide and tetrazene.

CLASS 6.—AMMUNITION.

The term "ammunition" means any explosive of any of the foregoing classes when the same is enclosed in any case or contrivance, or is otherwise adapted or prepared so as to form a cartridge or charge for small arms, cannon or any other weapon, or to form any safety or other fuse for blasting or for shells, or to form any tube for firing explosives or to form a percussion cap, detonator, fog-signal, shell-torpedo, war-rocket, or any other contrivance other than a firework.

The term "percussion cap" does not include a detonator.

The term "detonator" means a capsule or case which is of such strength and construction and contains an explosive of the fulminate class in such quantity that the explosion of one capsule or case would communicate the explosion to other like capsules or cases.

The ammunition class has three divisions.

DIVISION 1.

Nobel's Safety Electric Fuses.

Provided also that the whole is of such strength and construction that the ignition of one such cap will not ignite other like caps.

Circular dated 19th August 1947.

To

All Drawing Officers in Bangalore.

Re.—Classification of bills presented to the Pay Section of this office into Token and Non-Token Bills.

No. 45—P.S. The Drawing Officers in Bangalore are at present forwarding their bills either to the Pay Section or to the Tappal Section of this office. Bills received in the Pay Section are treated as Token Bills as a Token is issued in respect of each bill and those received in the Tappal Section as Non-Token Bills. Some Departmental Officers do not appear to be aware of this distinction between Token and Non-Token Bills. Due to this cause, Tokens have been obtained for bills which should in the usual course, have been treated as Non-Token Bills. In such cases, some of the cheques are remaining undelivered for a long time in the Pay Section of this office on account of the drawer not having received the cheque by surrendering the relative token and the payee also being ignorant of the cheque being ready for delivery, he not being the tokenholder. The work in this office has also increased thereby on account of the classification of a large number of bills as token bills unnecessarily. With a view to remedy the defects referred to above and to secure uniformity in procedure, the principles underlying the classification of bills into token and non-token ones are enunciated below for information and guidance of all Departmental Officers.

Tokens will be issued by this office only if the drawer and the payee of any bill are one and the same. The following are some of the bills which are treated as Token Bills:—

- (1) Salaries and T. A. of Gazetted Officers and their Establishments,
- (2) Contingent Bills of Offices,
- (3) Bills for Advances and Loans, etc., which are to be encashed at the Treasury by the Drawing Officers themselves, e.g., Advance of Pay, Permanent Advances etc.
- (4) Bills for Cycle Advances, House Building Advances, Motor Car Advances, Provident Fund Advances, etc., of Gazetted and Non-Gazetted Officers presented by countersigning officers and payable in Bangalore.

The following kinds of bills are classified as Non-Token Bills:—

- (1) Bills for supplies and services countersigned by Departmental Officers but payable direct to private parties or other Departments whether in Bangalore or outside.
- (2) Bills of subordinate officers countersigned by Departmental Officers in Bangalore and payable at places other than Bangalore.

It is requested that the departmental officers in Bangalore may kindly note the distinction between Token and Non-Token Bills as explained above and give effect to the procedure with immediate effect.

If any Officer wants certain Non-Token Bills to be treated as Token Bills for sufficient reasons, he may make a reference to the Comptroller on the subject.

FINANCIAL DEPARTMENT

COMPTROLLER'S OFFICE, BANGALORE.

Circular dated 19th August 1947.

To

All Drawing Officers in Bangalore.

Re.—Classification of bills presented to the Pay Section of this office into Token and Non-Token Bills.

No. 45—P.S. The Drawing Officers in Bangalore are at present forwarding their bills either to the Pay Section or to the Tappal Section of this office. Bills received in the Pay Section are treated as Token Bills as a Token is issued in respect of each bill and those received in the Tappal Section as Non-Token Bills. Some Departmental Officers do not appear to be aware of this distinction between Token and Non-Token Bills. Due to this cause, Tokens have been obtained for bills which should in the usual course, have been treated as Non-Token Bills. In such cases, some of the cheques are remaining undelivered for a long time in the Pay Section of this office on account of the drawer not having received the cheque by surrendering the relative token and the payee also being ignorant of the cheque being ready for delivery, he not being the tokenholder. The work in this office has also increased thereby on account of the classification of a large number of bills as token bills unnecessarily. With a view to remedy the defects referred to above and to secure uniformity in procedure, the principles underlying the classification of bills into token and non-token ones are enunciated below for information and guidance of all Departmental Officers.

Tokens will be issued by this office only if the drawer and the payee of any bill are one and the same. The following are some of the bills which are treated as Token Bills:—

- (1) Salaries and T. A. of Gazetted Officers and their Establishments,
- (2) Contingent Bills of Offices,
- (3) Bills for Advances and Loans, etc., which are to be encashed at the Treasury by the Drawing Officers themselves, e.g., Advance of Pay, Permanent Advances etc.
- (4) Bills for Cycle Advances, House Building Advances, Motor Car Advances, Provident Fund Advances, etc., of Gazetted and Non-Gazetted Officers presented by countersigning officers and payable in Bangalore.

The following kinds of bills are classified as Non-Token Bills:—

- (1) Bills for supplies and services countersigned by Departmental Officers but payable direct to private parties or other Departments whether in Bangalore or outside.
- (2) Bills of subordinate officers countersigned by Departmental Officers in Bangalore and payable at places other than Bangalore.

It is requested that the departmental officers in Bangalore may kindly note the distinction between Token and Non-Token Bills as explained above and give effect to the procedure with immediate effect.

If any Officer wants certain Non-Token Bills to be treated as Token Bills for sufficient reasons, he may make a reference to the Comptroller on the subject.

FINANCIAL DEPARTMENT

COMPTROLLER'S OFFICE, BANGALORE.

Circular dated 2nd September 1947.

To

All the Drawing and Treasury Officers in the State.

Subject:—Government Order No. Fl. 1155-1221—S & A, dated 11th August 1947 sanctioning an advance of one month's pay as on 1st August 1947 to all Non-Gazetted Government servants of the State including Railway employees.

No. 461 B. II In continuation of this office Circular instruction No. 459 -B. II, dated 1st August 1947 on the above subject, the following supplementary instructions are issued for the guidance of all Drawing Officers (*vide* Government Order No. 1475-1544—S. & A. 34-47-4, dated 30th August 1947).

1. In the case of those who have been entertained subsequent to 1st January 1947 and to whom the advance has already been paid, the recovery may be made in six monthly instalments provided however if the official is likely to leave service earlier than 6 months, the period of recovery may be correspondingly reduced.

2. In the case of officials working in Departments like the Food and Civil Supplies Departments where the great majority of the staff have their lien in other departments of Government and draw temporary rates of pay in the departments to which they have been lent and the revision of the pay of their substantive pay posts from 1st January 1947, is not likely to have any financial effect in their temporary posts, the Drawing Officers have to exercise their discretion and grant advances only to such of the officials from whom recovery can be easily effected.

3. In the case of advances made to 'daily rated staff' such advances may be treated as payment of wages made in advance for their service rendered during the month following the payment of advance.

4. The payment of advance is admissible to the monthly rated employees of Industrial Concerns as in the case of Railway employees.

5. This advance of one month's pay is also admissible to the temporary staff appointed for definite period on a fixed or graded pay provided the Drawing Officers can recover the advance in not more than 6 months after the payment of advance. But temporary staff entertained against leave vacancies are not entitled to the advance if they do not satisfy the above condition.

6. In the case of the staff whose pay is chargeable to Work Establishment the advance is payable subject to the condition that the Drawing Officer is held responsible for the recovery.

7. Probationers who are drawing fixed rates of stipend are entitled to the advance if they are likely to be absorbed in regular vacancies and the recovery can be ensured.

8. In respect of daily rated employees, the advance to be paid should be on the basis of 26 days exclusive of overtime.

9. In the following cases the advances of one month's pay is not admissible:—

(a) Locally available candidates in superior service appointed prior and after 1st January 1947.

(b) The officials who died during August 1947 and who otherwise fulfil all other conditions.

(c) Retired employees re-employed in Government Service.

(d) The officials employed in the Local Bodies.

1. Applications for admission to the examinations should be submitted on printed forms which will be supplied on application to the Secretary, Secondary Education Board, New Public Offices, Bangalore, after the 15th September 1947. All requisitions for forms should reach the Secretary, *at least a fortnight before* the latest date prescribed for sending in applications for admission to the examinations. The Secretary will not be responsible for non-receipt of forms owing to the requisitions being sent too late or to miscarriage of letters in post, the address being incorrect or incomplete and such other reasons.

2. Fees as shown in column No. 2 of the statement against the particular examination to which the candidates seek admission should be credited into a Mysore Government treasury in time for sending in the applications by **Registered Post** so as to reach the Secretary, Secondary Education Board, on or before the date mentioned in Column, 1, after which date *no applications will be received for that particular examination.*

NOTE:—Late applications for admission to the several Public Examinations conducted by the Department will be entertained up to 15 (fifteen) days from the dates prescribed for submitting applications for the several examinations on payment of a penal fee of one rupee in respect of each such application. The amount should be credited to a Government Treasury and the receipt obtained thereof sent along with the application form. No application will be entertained under any circumstances 15 days after the date fixed for a Public Examination.

3. *Fees sent in cash in any form will not be accepted.* Candidates living outside the State should make their own arrangements for paying application fees for the examination into a Mysore Government Treasury and send the printed application form with the Treasury receipt and seal thereon on or before the specified date.

4. All columns in the form of application should be carefully and accurately filled in. The enclosures mentioned in column No. 3 in the statement should invariably be attached to the application for admission to the examination. Applications found *defective in any respect* will be rejected and returned to the party and *requests for refund of fees on the ground that the applications were rejected will not be entertained.*

5. The printed column in the application form for non-attendance certificate in the case of private candidates for S.S.L.C., Middle School and Upper Primary Examinations of 1948 should be filled in before the form of application is sent to the Secretary, Secondary Education Board. The officers who sign the certificates of non-attendance are requested to satisfy themselves that the candidate is a *bona fide* private candidate and they should ensure themselves that no scope for irregularity of any kind is allowed in this respect.

6. (i) Applications for transfer of centres, if any, in respect of the Middle School or Upper Primary Examination, should ordinarily reach the Secretary, Secondary Education Board, New Public Offices, Bangalore, on or before the 31st January preceding the examination, with sufficient and valid reasons,

(ii) A fee of Re. 1 will be levied in respect of each such application submitted for good reasons, between the 1st and 10th February preceding the examination. Each application for change of centre submitted during this period should be accompanied by a treasury receipt for Re. 1. No change of centre will be granted *under any circumstances after the 10th February preceding the Examination.*

(iii) Applications for change of centres in the case of school candidates should be submitted through the Heads of Middle or Upper Primary Schools and in the case of private candidates through their parents or guardians.

(iv) Applications for a change of centre should contain information on the points noted below:—

- (1) The centre originally selected by the candidate.
- (2) The centre to which his name is required to be transferred.
- (3) Whether the change of centre applied for is for the Middle School Examination or for the Upper Primary Examination or for any other Examination.
- (4) Reasons urged for the transfer supported by the parent or guardian of the pupil.

NOTE.—(1) The Secretary, Secondary Education Board, Bangalore, may refuse to change the centre of examination if proper reasons in support of the change asked for are not furnished.

2) The fee paid for change of centre will neither be refunded nor reserved for a subsequent examination, if the change has been refused for want of proper reasons in support of the change asked for.

7. The fees once paid into the Treasury for admission to any Public Examination shall, on no account, be refunded, but may be reserved for the very next examination only if the candidate was unable to sit for the examination on account of illness. This should be supported by a Medical Certificate from a Registered Medical Practitioner provided the application for such reservation reaches the Secretary, Mysore Secondary Education Board, Bangalore, before the commencement of the Examination for which the fees have been paid.

8. The Heads of Institutions sending up candidates for the Middle School or the Upper Primary Examination of 1948 are requested to send the applications arranged according to the instructions given in the statement sent along with the application forms.

9. A consolidated list of candidates, who are deficient in attendance calculated up to the end of February 1948, should be sent in the prescribed form, which will be supplied along with the application forms so as to reach the Secretary, Secondary Education Board, Bangalore, *not later than the 5th March 1948*. The attention of the Heads of Institutions is invited to Director of Public Instruction's Circular No. 1 of 1940-41—Edn. 64-3 of 1940-41, dated 11th July 1940, laying down rules regarding the cases to be recommended for exemption.

10. It is of utmost importance that the Heads of schools should not only advise the candidates to give their correct date of birth, i.e., day, month and year, but also reconcile the dates given in the application form with those entered in the Admission Register of the School. The candidates should be made to give only the father's name (whether living or not), and not the guardian's name.

11. The Heads of High Schools sending up candidates for the S.S.L.C. Public Examination will kindly note the following points in connection with the preparation and submission of applications for candidature:—

(a) Candidates should be asked to give their *correct* date of birth, viz., the day, month and year in the form of application as *entered in the form of application for admission to the school and in the Admission Register* of the School without giving room for unnecessary correspondence in the matter. They should be advised to enter *only the father's name (whether living or not)* in the form of application and not the guardian's name.

(b) The Heads of Institutions should satisfy themselves that the entries in the S.S.L.C. card correspond with those in the form of application for admission to the examination in every respect and that the date of birth entered in the S.S.L.C. card corresponds with that in the admission register of the school.

(c) The Heads of High Schools should arrange the applications and the S.S.L.C. cards separately in the same order, i.e., firstly, according to the second language chosen by them and secondly, in the alphabetical order under the several second languages. In no case should the application forms and the S.S.L.C. cards be mixed up, as this will lead to confusion while checking applications. The applications and S.S.L.C. cards of candidates who have been declared "Passed" in previous year should be separated from others and arranged in the same manner as stated above.

(d) The Heads of High Schools should also furnish a separate certificate to the effect that all the entries in the form of application and the S.S.L.C. card agree with those made in the admission register of the schools.

(e) A classified statement showing the names of candidates under "Ordinary" and "Supplementary" Certificates, the several second languages and optional subjects offered by them should accompany the applications for candidature.

COMPTROLLER'S OFFICE, BANGALORE.

Circular dated 19th August 1947.

To

All Drawing Officers in Bangalore.

Re.—Classification of bills presented to the Pay Section of this office into Token and Non-Token Bills.

No. 45—P.S. The Drawing Officers in Bangalore are at present forwarding their bills either to the Pay Section or to the Tappal Section of this office. Bills received in the Pay Section are treated as Token Bills as a Token is issued in respect of each bill and those received in the Tappal Section as Non-Token Bills. Some Departmental Officers do not appear to be aware of this distinction between Token and Non-Token Bills. Due to this cause, Tokens have been obtained for bills which should in the usual course, have been treated as Non-Token Bills. In such cases, some of the cheques are remaining undelivered for a long time in the Pay Section of this office on account of the drawer not having received the cheque by surrendering the relative token and the payee also being ignorant of the cheque being ready for delivery, he not being the tokenholder. The work in this office has also increased thereby on account of the classification of a large number of bills as token bills unnecessarily. With a view to remedy the defects referred to above and to secure uniformity in procedure, the principles underlying the classification of bills into token and non-token ones are enunciated below for information and guidance of all Departmental Officers.

Tokens will be issued by this office only if the drawer and the payee of any bill are one and the same. The following are some of the bills which are treated as Token Bills:—

- (1) Salaries and T. A. of Gazetted Officers and their Establishments,
- (2) Contingent Bills of Offices,
- (3) Bills for Advances and Loans, etc., which are to be encashed at the Treasury by the Drawing Officers themselves, e.g., Advance of Pay, Permanent Advances etc.

- (4) Bills for Cycle Advances, House Building Advances, Motor Car Advances, Provident Fund Advances, etc., of Gazetted and Non-Gazetted Officers presented by countersigning officers and payable in Bangalore.

The following kinds of bills are classified as Non-Token Bills:—

- (1) Bills for supplies and services countersigned by Departmental Officers but payable direct to private parties or other Departments whether in Bangalore or outside.
- (2) Bills of subordinate officers countersigned by Departmental Officers in Bangalore and payable at places other than Bangalore.

It is requested that the departmental officers in Bangalore may kindly note the distinction between Token and Non-Token Bills as explained above and give effect to the procedure with immediate effect.

If any Officer wants certain Non-Token Bills to be treated as Token Bills for sufficient reasons, he may make a reference to the Comptroller on the subject.

Circular dated 2nd September 1947.

To

All the Drawing and Treasury Officers in the State.

Subject:—Government Order No. Fl. 1155-1221—S & A, dated 14th August 1947 sanctioning an advance of one month's pay as on 1st August 1947 to all Non-Gazetted Government servants of the State including Railway employees.

No. 461—B. II. In continuation of this office Circular instruction No. 459—B. II, dated 19th August 1947 on the above subject, the following supplementary instructions are issued for the guidance of all Drawing Officers (*vide* Government Order No. 1475-1544—S. & A. 34-47-4, dated 30th August 1947).

1. In the case of those who have been entertained subsequent to 1st January 1947 and to whom the advance has already been paid, the recovery may be made in six monthly instalments provided however if the official is likely to leave service earlier than 6 months, the period of recovery may be correspondingly reduced.

2. In the case of officials working in Departments like the Food and Civil Supplies Departments where the great majority of the staff have their lien in other departments of Government and draw temporary rates of pay in the departments to which they have been lent and the revision of the pay of their substantive pay posts from 1st January 1947, is not likely to have any financial effect in their temporary posts, the Drawing Officers have to exercise their discretion and grant advances only to such of the officials from whom recovery can be easily effected.

3. In the case of advances made to daily rated staff such advances may be treated as payment of wages made in advance for their service rendered during the month following the payment of advance.

4. The payment of advance is admissible to the monthly rated employees of Industrial Concerns as in the case of Railway employees.

5. This advance of one month's pay is also admissible to the temporary staff appointed for definite period on a fixed or graded pay provided the Drawing Officers can recover the advance in not more than 6 months after the payment of advance. But temporary staff entertained against leave vacancies are not entitled to the advance if they do not satisfy the above condition.

6. In the case of the staff whose pay is chargeable to Work Establishment the advance is payable subject to the condition that the Drawing Officer is held responsible for the recovery.

7. Probationers who are drawing fixed rates of stipend are entitled to the advance if they are likely to be absorbed in regular vacancies and the recovery can be ensured.

8. In respect of daily rated employees, the advance to be paid should be on the basis of 26 days exclusive of overtime.

9. In the following cases the advances of one month's pay is not admissible:—

(a) Locally available candidates in superior service appointed prior and after 1st January 1947.

(b) The officials who died during August 1947 and who other wise fulfil all other conditions.

(c) Retired employees re-employed in Government Service.

(d) The officials employed in the Local Bodies.

GEORGE MATTHAN, *Dy. Commr.*

OFFICE OF THE CHIEF INSPECTOR OF MINES AND EXPLOSIVES IN MYSORE.

Notification dated Oorgaum, 5th September 1947.

No. 489. Instances have come to the notice of this Department where licensees manufacturing explosives, instead of doing so in the places indicated on their licenses do clandestinely manufacture them in their own dwelling houses or sale premises within closed doors during night time. As such places are generally situated on public roads in congested localities and since such a practice is liable to endanger public safety, persons in the know are requested to guard themselves against eventualities by promptly reporting the names of such licensees to the local Police authorities. This notice is published for general information in view of the approaching Deepavali Festival when the licensees are likely to transgress the conditions of their licenses owing to the demand for firework articles during the season.

Government in their Notification No. D. 2814—Geol. 66-28-25, dated 9th September 1930, have prohibited, within the Mysore State, the manufacture, possession and importation of any explosive consisting of or containing sulphur or sulphuret in sulphuret in admixture with chlorate of potassium or any other chlorate.

Many accidents, caused during the illicit manufacture and handling of a variety of fireworks commonly known as "Pattas" or "Bellulli Pattas"—throwdowns or small bombs—consisting of a mixture of potassium chlorate (ಪೊಟ್ಯಾಷ್ ಕ್ಲೋರೇಟ್) and Arsenic or Antimony Sulphide (ವೆಸಿಕೇಟ್ ಪೊಡರ್) or Sulphur (ಸಲ್ಫರ್) have come to the notice of this Department resulting in serious and sometimes fatal injuries to the persons manufacturing or handling the mixture, besides doing damage to property.

The mixture constitutes a highly dangerous explosive which is sensitive to friction, force (blows), and even liable to ignite spontaneously.

As this firework composition is mostly used during Deepavali and Shaban festivals, timely warning is hereby given to all persons concerned not to manufacture, possess or sell this dangerous explosive.

Any person manufacturing, possessing or importing such a mixture will be punished according to Law.

K. DURAISWAMI IYER, *Chief Inspector of Mines and Explosives in Mysore.*

COMPTROLLER'S OFFICE, BANGALORE.

Circular dated 2nd September 1947.

To

All the Drawing and Treasury Officers in the State.
Subject:—Government Order No. Fl. 1155-1221—S & A, dated 14th August 1947 sanctioning an advance of one month's pay as on 1st August 1947 to all Non-Gazetted Government servants of the State including Railway employees.

No. 461—B. II. In continuation of this office Circular instruction No. 459—B. II, dated 19th August 1947 on the above subject, the following supplementary instructions are issued for the guidance of all Drawing Officers (*vide* Government Order No. 1475-1544—S. & A. 34-47-4, dated 30th August 1947).

1. In the case of those who have been entertained subsequent to 1st January 1947 and to whom the advance has already been paid, the recovery may be made in six monthly instalments provided however if the official is likely to leave service earlier than 6 months, the period of recovery may be correspondingly reduced.

2. In the case of officials working in Departments like the Food and Civil Supplies Departments where the great majority of the staff have their lien in other departments of Government and draw temporary rates of pay in the departments to which they have been lent and the revision of the pay of their substantive pay posts from 1st January 1947, is not likely to have any financial effect in their temporary posts, the Drawing Officers have to exercise their discretion and grant advances only to such of the officials from whom recovery can be easily effected.

3. In the case of advances made to daily rated staff such advances may be treated as payment of wages made in advance for their service rendered during the month following the payment of advance.

4. The payment of advance is admissible to the monthly rated employees of Industrial Concerns as in the case of Railway employees.

5. This advance of one month's pay is also admissible to the temporary staff appointed for definite period on a fixed or graded pay provided the Drawing Officers can recover the advance in not more than 6 months after the payment of advance. But temporary staff entertained against leave vacancies are not entitled to the advance if they do not satisfy the above condition.

6. In the case of the staff whose pay is chargeable to Work Establishment the advance is payable subject to the condition that the Drawing Officer is held responsible for the recovery.

7. Probationers who are drawing fixed rates of stipend are entitled to the advance if they are likely to be absorbed in regular vacancies and the recovery can be ensured.

8. In respect of daily rated employees, the advance to be paid should be on the basis of 26 days exclusive of overtime.

9. In the following cases the advances of one month's pay is not admissible:—

(a) Locally available candidates in superior service appointed prior and after 1st January 1947.

(b) The officials who died during August 1947 and who otherwise fulfil all other conditions.

(c) Retired employees re-employed in Government Service.

OFFICE OF THE COLLECTOR AND CONTROLLER CIVIL SUPPLIES, CIVIL STATION, BANGALORE.

dated 10th September 1947.

Press Note.

No. 3154—A-47. (Ed).—It is hereby notified for the information of the public that, owing to the present acute food situation, no ration cards or rations will ordinarily be issued to persons coming from outside into the Civil Station, Bangalore. Visiting visitors and persons and families from outside who tend to come and settle down, either temporarily or permanently in the Civil Station are particularly requested to note

doing so in the places indicated on their licenses and to timely manufacture them in their own dwelling houses on premises within closed doors during night time. Such places are generally situated on public roads in localities and since such a practice is liable to endanger safety, persons in the know are requested to guard against eventualities by promptly reporting the names of licensees to the local Police authorities. This is published for general information in view of the Deepavali Festival when the licensees are likely to be away from the conditions of their licenses owing to the demand for work articles during the season.

Government in their Notification No. D. 266-28-25, dated 9th September 1939, have prohibited in the Mysore State, the manufacture, possession and use of any explosive consisting of or containing a mixture of sulphuret in sulphuret in admixture with potassium or any other chlorate.

Many accidents, caused during the illicit manufacture and handling of a variety of fireworks commonly known as "Pattas" or "Bellulli Pattas"—throwdowns, bombs—consisting of a mixture of potassium chlorate (ಪೊಟ್ಯಾಷ್ ಕ್ಲೋರೇಟ್) and Arsenic or Antimony Sulphide (ಅರ್ಸೆನಿಕ್ ಅಥವಾ ಆಂಟಿಮನಿ ಸಲ್ಫೈಡ್) or Sulphur (ಸಲ್ಫರ್) have come to the notice of the Government resulting in serious and sometimes fatal injuries to the persons manufacturing or handling the mixture, doing damage to property.

The mixture constitutes a highly dangerous explosive which is sensitive to friction, force (blows) and even liable to explode spontaneously.

As this firework composition is mostly used during Deepavali and Shaban festivals, timely warning is hereby issued to all persons concerned not to manufacture, possess or use such a dangerous explosive.

Any person manufacturing, possessing or importing such a mixture will be punished according to Law.

O. S. MOHAMED JAFFAR SHERIFF, *Amildar*.

OFFICE OF THE CHIEF INSPECTOR OF MINES AND EXPLOSIVES IN MYSORE.

Notification dated Oorgaum, 5th September 1947.

No. 489. Instances have come to the notice of this Department where licensees manufacturing explosives, instead of doing so in the places indicated on their licenses do clandestinely manufacture them in their own dwelling houses or sale premises within closed doors during night time. As such places are generally situated on public roads in congested localities and since such a practice is liable to endanger public safety, persons in the know are requested to guard themselves against eventualities by promptly reporting the names of such licensees to the local Police authorities. This notice is published for general information in view of the approaching Deepavali Festival when the licensees are likely to transgress the conditions of their licenses owing to the demand for firework articles during the season.

Government in their Notification No. D. 2814—Geol. 66-28-25, dated 9th September 1930, have prohibited, within the Mysore State, the manufacture, possession and importation of any explosive consisting of or containing sulphur or sulphuret in sulphuret in admixture with chlorate of potassium or any other chlorate.

Many accidents, caused during the illicit manufacture and handling of a variety of fireworks commonly known as "Pattas" or "Bellulli Pattas"—throwdowns or small bombs—consisting of a mixture of potassium chlorate (ಪೊಟಾಷ್ ಕ್ಲೋರೇಟ್) and Arsenic or Antimony Sulphide (ವೆಸಿಕೆರೆ ಹರಿದ್ರ) or Sulphur (ಗಂಧಕ) have come to the notice of this Department resulting in serious and sometimes fatal injuries to the persons manufacturing or handling the mixture, besides doing damage to property.

The mixture constitutes a highly dangerous explosive which is sensitive to friction, force (blows) and even liable to ignite spontaneously.

As this firework composition is mostly used during Deepavali and Shaban festivals, timely warning is hereby given to all persons concerned not to manufacture, possess or sell this dangerous explosive.

Any person manufacturing, possessing or importing such a mixture will be punished according to Law.

To

All Treasury Officers.

No. 467—B. II. It has been noticed that receipts on account of Excise Duties which are required to be booked under "W (b) Suspense Accounts—23 B. Account of Excise Duties leviable on All-India Pool Basis" in the District Treasury cash amounts are still being shown in the cash accounts under "IV A. Miscellaneous Taxes." As a consequence the same are being classified either under License Fees Penalties or Other Receipts. It has also been observed that the receipts under License Fees, Penalties and Other Receipts as per Audit Office Books are in excess of the figures actually booked by the Department (the difference some times amounting to lakhs). These large differences between the figures of this office and the Department are due to misclassification in the accounts of the Treasuries. The Treasury Officers are hereby instructed to examine the several schedules or receipts properly and to correctly classify these receipts in future in the Treasury accounts.

FINANCIAL DEPARTMENT**COMPTROLLER'S OFFICE, BANGALORE.**

Circular dated 17th November 1947.

To

All Treasury Officers.

No. 467—B. II. It has been noticed that receipts on account of Excise Duties which are required to be booked under "W (b) Suspense Accounts—2 B. Account of Excise Duties leviable on All-India Pool Basis" in the District Treasury cash amounts are still being shown in the cash accounts under "IV A. Miscellaneous Taxes." As a consequence the same are being classified either under License Fees Penalties or Other Receipts. It has also been observed that the receipts under License Fees, Penalties and Other Receipts as per Audit Office Books are in excess of the figures actually booked by the Department (the difference some times amounting to lakhs). These large differences between the figures of this office and the Department are due to missclassification in the accounts of the Treasuries. The Treasury Officers are hereby instructed to examine the several schedules or receipts properly and to correctly classify these receipts in future in the Treasury accounts.

OFFICE OF THE SECRETARY, MYSORE GOVERNMENT INSURANCE DEPARTMENT, BANGALORE.

OFFICIAL AND PUBLIC BRANCHES.

Circular No. 200, dated 4th December 1947.

Subject matter:—Regarding the consideration of further proposals by proposers whose proposals have once been rejected permanently or temporarily.

The Agents and the Examining Medical Officers of the Department are hereby informed that, in future, when a proposal has been rejected either in the Public Branch or in the Official Branch, the proposer may after the lapse of three years from the date of such rejection, submit a fresh proposal to either of the branches, after undergoing medical examination in the usual course, provided his age does not exceed the maximum insurable age. If, however, he desires to send up a proposal within the period of three years, he may apply to the Department for permission to do so. He will be required to deposit a sum of Rs. 8 towards the medical fee and other charges, in addition to the usual Initial Deposit and to send the receipt along with the proposal to this office. Besides he will have to bear the cost of any special examination that may be considered necessary by this Department. He will then appear for medical examination before the Examining Medical Officer to whom he will be directed by the Department. He will further be required to agree to the condition that he will complete the proposal even if his life is treated as a sub-standard one and extra charged, the decision of the department in the matter being final. If the proposal results in a policy, the additional deposit of Rs. 8 and not any other special deposits paid for special examinations will be adjusted towards the premium account; otherwise the special deposit will be forfeited.

A similar procedure will be followed when a proposer, whose proposal has been postponed for a definite period, challenges the decision of the Department and desires to send up a proposal within the period for which his previous proposal has been postponed.

Under no circumstances should a proposer be medically examined for insurance within the periods specified above without the prior written permission of this office.

JUDICIAL DEPARTMENT

IN THE COURT OF THE MUNSIFF AND FIRST CLASS MAGISTRATE AT DODBALLAPUR.

Order Under Section 144, Criminal Procedure Code.

Whereas the outbreak of violence that has created communal tension in Bangalore between Hindus and Muslims from 12th December 1947 having widely spread in this locality has aroused sensation and anxiety in the minds of both Hindus and Muslims of this town:

Whereas I am fully satisfied of the same that unless preventive precautionary measures are taken for checking the acute sensation in the minds of the public there is a likelihood of breach of public peace, safety and tranquility.

And whereas in this connection it is brought to my notice that some persons of this town were moving about with clubs at odd hours on 13th December 1947 in this Town.

I do hereby order prohibiting the assemblage of five or more persons in a public place for no reasonable cause, and any person from moving about in public streets armed with any weapon like club, sword, dagger or any other instrument which can be used as a weapon of offence within the limits of Doddballapur Town for a period of two months from this 14th day of December 1947.

This is an *ex-parte* order passed as a matter of emergency.

G. SIDDANANJAPPA, S.D.O.

OFFICE OF THE SECRETARY, MYSORE GOVERNMENT LIFE INSURANCE DEPARTMENT.

PUBLIC BRANCH.

Circular No. 202.

To

The Agents of the Public Branch.

Subject matter: *Debt or Lien System of Loading for decreasing risks like underweight, etc.*

In the acceptance of proposals on lives in the Public Branch several kinds of extra risks which are decreasing are commonly met with and with a view to load these risks in an equitable manner, the following procedure has been proposed to be adopted with effect from 1st January 1948.

The most common type of extra risk met with is underweight in the proposer. Underweight is a decreasing risk and the risk which is adverse to start with may become favourable to the office by the time the proposer reaches the age of 35 or 40. Thus the method of charging a uniform extra by loading a life by one or two years would not be correct as the risk is decreasing. In these cases it has been proposed to impose a lien on the sum assured and this lien goes on decreasing year by year until it becomes zero after a certain number of years. This method of loading will be appreciated by proposers who protest they are in sound health and are averse to payment of extra premiums. They may be told that if they are correct and they survive the period of the lien they will be covered for the full sum assured and they will lose nothing. If, however, a claim occurs within that period the office would have been proved correct in their judgment.

If, for instance, a policy is issued for a sum assured of Rs. 1,000 with lien or decreasing debt of Rs. 200 decreasing to zero in five years, no extra premium is charged, but if death occurs in the first year of assurance, the sum assured is reduced by Rs. 200; if death comes in during the second year the sum assured is reduced by Rs. 160 and so on until the fifth year when the assurance is reduced only by Rs. 40 and if death occurs after five years, full assurance is paid. The amount of debt and the period during which it will be levied on a decreasing scale will have to be decided on the merits of the individual cases.

The agents should note that this procedure can be adopted in only certain types of cases and that in all such cases this will be adopted. No agent should represent that this may be accepted as an alternative to any extra premium that may be imposed.

The above method of charging extra will take effect from 1st January 1948. The Agents are invited to come to the office and get doubts, if any on the above, cleared.
